THE FEMININE MYSTIQUE

BETTY FRIEDAN

"I found *The Feminine Mystique* absorbingly interesting, pertinent, relevant to my own problems and those of every woman I know, and far and away more real, truer and more moving than Simone de Beauvoir's *The Second Sex*. Betty Friedan has both grasp and passion—and has put her finger on the inner wound we all carry around. But to name the suffering is relatively easy. What Mrs. Friedan has done is to show both cause and cure. The book should be read by every anxious woman in the country, and all of us are troubled about ourselves and where we belong. She has done a great service in underlining the fact that *before we are women, we are human beings.*"
